### Highlights of *Traveling with Gina*

- **These are NOT traditional group tours.** We are a small group of 6-12 interesting, fun loving, flexible people who want to experience the real culture of a country. We travel as a group of friends! If you don't have a roommate, I'll match you with another person on the trip to share a room to avoid the single supplement.
- **Spend more time with Gina & gain more in-depth knowledge of her "TRAVEL FREE" class ideas,** including independent travel techniques so you can travel anywhere in the world on your own!
- **Good Value!** My fun & affordable trips are half the cost of typical, large group tours.
- You are "Traveling with Gina" the way **I like to travel.** I lead the tour, organize trip details & spend time with the group on location.
- **Independence!** These trips are ideal if you don't like traveling alone but don't like large tour groups. It's a perfect mix of group activity with free time to do your own individual activity like photography, art, museums, etc.
- **Fun, Safety & Some Comfort.** At times I will opt for adventure, opportunity and location over comfort. If you want a 4 star or 5 star tour, this may not be the tour for you!

**THERE'S MORE . . . Travel with Gina on any trip or volunteer program & you can attend any of Gina's future classes for FREE for the REST OF YOUR LIFE!**

**Be part of Gina's travel community!**
