VOLUNTEER TEACH ENGLISH

in THAILAND

January 2019

GROUP 1: 12-days JAN 14 (M) - 25 (F), 2019 Cost: \$495 per volunteer
GROUP 2: 30-days JAN 16 (W) - FEB 15 (F) Cost: \$495 per volunteer

PROGRAM DETAILS:

Two volunteers will be placed together at each school to share this cultural experience. Gina and/or the prior volunteers will orient the new volunteers each session. Volunteers will assist the Thai English teacher in the classroom four hours a day Monday through Friday (based on the scheduling of the English classes at each school). School children are K-12. During your free time volunteers can explore the local village, practice the Thai language with the locals, read a book or simply relax.

- For groups 1-3, volunteers do not need to be certified English teachers or have prior teaching experience, they only need to be native English speakers.
- Group 4 volunteers do need to have prior teaching experience and preferably teaching English experience.
- The local Thai English teacher will be responsible for presenting the English lesson in class, along with instruction.
- During the break-out sessions when students are put into small groups to practice the lesson, volunteers will help motivate the students to learn English and assist in their pronunciation of the English words.
- Many of the students come from the rural Hill Tribes where they speak their Hill Tribe language at home (Lisu, Lahu, etc). They come to school to learn Thai and English.
- When students learn to speak English well they can obtain better job opportunities in tourism & business. As the farming opportunities in the Hill Tribe villages diminish, this

helps the young Hill Tribe youth find alternative employment. In addition, promoting the Hill Tribe culture via tourism offers the youth many ways to sustain their Hill Tribe culture & tourism income. English is the world's business and tourism language.

- Generally schools have wifi.
- Volunteers will be required to have a local cell phone so, if needed, they can easily contact Gina, Del (our Lisu Hill Tribe /Thai tour guide sponsor), their host, and the Thai English teacher for support during the volunteer period. Either bring an old unlocked cell phone & purchase a local sim card for \$5 (plus money for minutes). Or purchase a local Thai cell phone for approximately \$35.
